Re: MB Docket No. 15-149

Dear Chairman Wheeler,

As the Executive Director of the Greater Palm Springs Film Alliance & Film Office in Palm Springs, California, I am writing this letter in strong support of the Charter-TWC-Bright House merger.

Recognized as the official film office of the greater Palm Springs region, the Greater Palm Springs Film Alliance & Film Office is the Coachella Valley's economic development resource dedicated to grow and expand the motion picture and entertainment industries across all nine cities, including local county, tribal, state and federal jurisdictions within the California desert of the Coachella Valley.

Job creation is our most important goal when hosting film productions. The economic impact of film production helps individuals and businesses alike; however, many of the jobs are temporary. Several film, television and new media disciplines cross with technical disciplines offered by cable telecommunication companies and New Charter is a merger that will help by staffing permanent jobs.

There are many more positive attributes to this merger but none as important as jobs. As a director of economic vitality in the Coachella Valley, I call on the FCC to approve the Charter-TWC-Bright House merger.

Sincerely,

A handwritten signature in black ink that reads "Levi Vincent". The signature is written in a cursive, slightly slanted style.
