I watch RFD-TV from my satellite dish on my motorhome I am 68 years old retired and have the privilege of traveling the lower 48 states this a great country that God has created and I'm truly honored to spend my time on the road it's such a privilege to pull into a campsite and be able to receive the TV programs both RFD and RFD Rule it would be such a un-justice to the rule community to remove this programming hope you'll reconsider and leave the programming and tack Hope you'll reconsider and leave the programming Intech

Sincerely yours

Ronnie Kent
