I watched RFD-TV on Verizon FIOS. I was very disappointed that Verizon dropped RFD-TV. RFD shows several music programs that are available nowhere else that I enjoyed very much. I thought the whole idea of cable, as opposed to traditional broadcasting, was to permit the interests of smaller groups to be served. I can see just about any college basketball game, shop at a multitude of cable shopping channels, and see more reality TV than I ever thought possible on FIOS, but I can't see shows like "The Cumberland Highlanders" or "The Marty Stuart Show" that serve a discerning group of music lovers. I believe that Verizon acted in a heavy-handed way in dropping RFD-TV and I hope you can get them to restore this programming. Thank you.
