I am very upset to find out that one of my favorite stations is being eliminated by Verizon! My provider is Verizon and I used to watch RFD-TV. The proceeding number is 16-41. They didn't even give the viewers an input for this decision! There are so many interesting, informative programs offered on RFD TV. I would record a lot of the shows for my grandchildren when they would come over! They live in the country and naturally are interested in the farming shows! Learning about raising chickens, Equine show, gardening are particularly important to our family! We cannot get any of these educational/informative shows on any other station! We enjoy the Gaither gospel hour, Rural evening news and the country music shows. The toy train show is a special hit for my husband who has a train collection. My whole family is very disappointed over the thought of losing RFD-TV!

Please pass this on to the Verizon executives and anyone else involved in this decision-making in hopes that this may be reversed. We hope that the FCC will be able to resolve this issue! It is important to give customers choices for independent programming!

Respectfully submitted,  
Joan Marie Osborne
