

**ABINGTON HEIGHTS**

**SCHOOL DISTRICT**

200 EAST GROVE ST. CLARKS SUMMIT, PA 18411

Federal Communications Commission

Proceeding # 02-06

USAC/SLD Form 486 Extension Error

Billed Entity Number 125968

471 Application Number 987720

Form 486 Application Number 1057018

FRN's: 2694875, 2694896, 2694930, 2694934

To Whom it may concern:

Abington Heights School District is requesting that the allowable service start date for the above referenced FRNs be reverted to the original date of 7/1/2014. Prior to the 120 day window, a 486 extension request was developed by the district, but USAC has no record of such a request. The FRNs involved are services that have been under contract and have been funded under previous years contracts. Moving the "service start date" to 8/20/2014 is a misrepresentation of actual services provided and only represents a paper mistake.

Please consider this request as a direct benefit to the students and local community of the Abington Heights School District.

Respectfully,

John Rama

Director of Technology
