RE: MB Docket No. 15-149

Dear Chairman Wheeler:

I am writing to express the support of the Worcester Regional Chamber of Commerce for Charter Communications' planned acquisition of Time-Warner Cable, Inc. and Bright House Networks LLC.

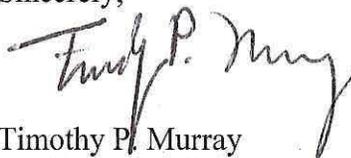

The business community believes it is critically important and beneficial for the second largest city in New England to have a local television station. Charter and their Worcester, MA based television station, Charter TV3 are a driving force in supporting local non-profit organizations through messaging, community based programming, and their Worcester News Tonight newscasts.

Charter Communications continues to be a marquee partner in our community whether through their commitment to better broadband and business communications or their volunteerism and philanthropic endeavors in the community. The great Worcester community views Charter as not only a business with a location here but part of the community fabric.

Additionally, Charter employs 698 workers, many who live in Worcester or our surrounding communities, increasing their economic impact to the region.

I thank you for your time and consideration of my comments and respectfully request that you review Charter's planned acquisition favorably. If you feel that the Chamber can be of any additional assistance please do not hesitate to contact W. Stuart Loosemore, Esq., General Counsel and Director of Government Affairs and Public Policy, at (508)753-2924, extension 222, or via email at sloosemore@worchesterchamber.org.

Sincerely,

Timothy P. Murray
President and CEO
