

60001528776.txt

I watch RFD-TV on AT&T U-Verse in my Austin, Texas area.

I recently found RFD-TV on my U-Verse service. It has really appealed to me, especially with its equestrian programming and other outdoor activities.

It would be an extreme displeasure for me if this independent broadcast station and its programming were to be pushed out or disappear. Please protect this station and others like it, keeping it with general access.

Thank you for your consideration.
