OANN is the only thing I watch on TV literally, just to get the up to date information on what's going on in the world. If the One America News Network goes away on my AT&T cable going from other cable company's that I already pay way to much \$ for, I will be forced to quit watching cable and hopefully have google fiber optic in my town and stream everything via internet. Good Luck OANN the only channel that I can depend on. Oh and about the Mega-merger, people to people please pay attention to the FCC there is something fishy going on here.
