I watch RFD TV on Dish cable and spend at least 75% of my time watching this channel, sports (PBR, All American, Rodeo's). If Verizon takes these channels off, I have no reason to keep my 3 Verizon phones, DSL, and other programs. Some people may not like these channels, but I might not like their programs. RFD TV and like channels have programming even children can watch and shows the cowboy and ranching way of life. Like I said, I can do without Verizon, but not RFD TV. Do not let these channels be run off the air due to the mentality of city dudes who probably don't realize 'cattle guards' are not people. Leave country in the hearts of those that love it. Others don't know what they r missing. Down w/Verizon
