But why can't I find my live, local TV stations online? Vote to give Internet distributors of live, local broadcast TV the same rights as big cable, satellite and telcos! We will be dropping our sat service when our contract is up in March. We had Direct, went to Dish for a less expensive service but it is still \$82 per month and we still cannot get all the channels we would like. It would be great to be able to stream the channels we watch, not have 200 and watch 20 to 25..... Thank you
