My name is Michael Flatico. I appreciate the opportunity to watch free over-the-air television made available through low power television stations. I have today disconnected my cable TV. I can no longer afford the cable rates. I have come to understand that the FCC may make spectrum available to be auctioned, and some LPTV broadcasters may be forced off the air. The FCC must protect our local LPTV stations. There are programs that my family and I enjoy that will be unavailable to us if we cannot watch over-the-air TV. Free TV is safe TV. Many Cable programs are not safe for my family to watch. Some shows we enjoy are only available to us over-the-air through my local LPTV station. I should not be forced to pay for cable, satellite or fiber to watch TV. There are now many free TV stations available with a simple antenna. Please do not take any of those free stations away. Low-power TV stations that have operated in good faith and have complied with their license should be protected and kept on the air.
