**Comment in the Matter of Rates for Interstate Inmate Calling Services
WC Docket No. 12-375**

We request an exemption from the mandatory reporting requirements. We are growing fast, but our revenues are still below \$2MM. We don't have the staff and support to generate such complex reports. Further, we would need more staff to structure our revenue and expense line items as specified by the specified by the FCC.

We participated in the first mandatory reporting process only to be unfairly and stupidly characterized as being negligent in paragraph 73 of the Second Order. If that's what FCC staff thinks of our efforts, then what's the point?

Lastly, our market share is so small that our data would not conceivably change your analysis and conclusions.

Thank you in advance for your consideration.

Sincerely,

David Lindgren
President
