Dear Sir /Madam : I am a parent of a child who attends Middletown Maple Hill School. I just happen to have been delivering my daughter's lunch the first time THE SCHOOL received the first call. I want say I was terrified as I watch local Sharp shooters and car loads of police and Federal agents arrive at my daughter's school. I cried for hours and feared the worse. Whoever this person (s) who continues to plaque this school must be apprehended. I am asking for a waiver based on the idea that if it is a federal crime to yell fire in a crowded theater, how is this any different. This is a federal crime of domestic terrorism and you lose your right to privacy when you act criminally. Please provide our Officials and investigators the right to trace these calls. THANK YOU.
