I watch RFD TV on Direct Tv. I enjoy all the informational programs, since I grew up on the farm. Also enjoy all the music programs which are shown there, since the larger networks do not want to show those. They are only interested in showing all the violence, which we do not need to see. We have plenty of that on our streets. PLEASE DO NOT LET THE "BIG" NETWORKS push out the "little" guys such as Direct tv. Thank you for reading this.
