I watch RFD-TV on Dish Network. I look for this channel specifically in the channel line up when I was choosing my package with Dish because my family and I LOVE this channel. If there was no RFD-TV I did not want it. This is a great channel that truly reflects our lifestyle. There is a lot of JUNK on TV these days that I do not want my kids to see, I can trust that there is nothing inappropriate on this channel, and they may even learn something related to what they do in their everyday life. RFD-TV is our lifestyle, and it will be a GREAT loss if it is done away with.
