

60001532611.txt

I watch RFD TV on Dish TV.

It keeps me informed and educates me as well as being entertaining.

I am 68 years old and have owned horses as well as other farm animals and appreciate updates on medicines, feed and veterinary input.

This is vital information for agriculturally minded viewers. Please keep this channel available to the public on your satellite feed.

Thank you, Mrs. Crane
