I am filing my comment to inform the FCC to keep RFDTV on the air. As a subscriber of Dish TV, I find it disturbing that some shows on other networks that aren't suitable for some audiences can stay on the air while stations such as RFDTV is in danger of getting taken off the air. I enjoy RFDTVs programming as I'm sure many others do as well. I ask that you continue to allow RFDTV to remain on air as I feel in today's society, we need more wholesome TV and less trash that the FCC seems to be against. Thank you and best wishes.
