Dear Chairman Wheeler:

The Houghton Lake Chamber of Commerce supports the proposed merger with Time Warner Cable and acquisition of Big House Network.

As we are a membership based organization of 200 members, we make every effort to follow the issues that will impact our members in a positive way. We are in full support of the merger as we feel it will benefit the business community in Michigan.

The proposed advantages that will come with the merger will make a major economic impact in our region.

On behalf of the Houghton Lake Chamber of Commerce, we ask the FCC to grant approval for this merger.

Sincerely,

Kimberly Akin
