Dear FCC:

I am filing a request for a waiver due to the mistake noted below in this customer service email to USAC.

January 22nd, 2016.

Thank you for your consideration,

Patricia L Ezell
541.738.4912

Dear USAC,

I have recently received a heart dropping response to an Invoice that I recently sent in SLD Invoice Number : 2321777. This invoice was late therefore, denied. This rural charter school depended on me to handle this invoice. An audit of my system revealed that it had not been submitted previously (timely). I am in hopes that you will be able to forward this message to any appeals process that you may have. In the future we have all of our customers filing by the bear method now as we have recently become a 499 filer.

Transition Bumps Trish :(
