I watch RFD Tv on Brighthouse cable. I watch several shows and also record some of my favorite ones to watch more than once. Because it is family friendly I can leave it on while my grandkids are over because I know there will not be any inappropriate ads or shows playing. There are no other channels similar to it, it's entertaining, educational and covers a wide variety of interest. I've already lost a channel I enjoyed and can't get another I would like to see, to lose RFDtv would be unacceptable. Thank you, Judy Hall
