We watch RFD TV on DIRECTV.

We probably watch this channel 3 to 4 hours a day. It is a wholesome family, animal, rural related channel.

We would be lost without this channel.

I cannot believe all of the trash you can find on DIRECTV, but RFD TV is a refreshing change.

Please do not take this channel off of the air.

This is in regards to 16-41.

Sincerely,

Bill and Phyllis Broadbent
