I watch RFD TV on Time Warner Cable. I was introduced to RFD TV when I went to visit my mother in Iowa. I had to wait years after that for Time Warner to offer RFD TV in Syracuse NY. Approximately 20% of my viewing time is spent on this channel. It has made training my horses safer and more efficient. It also give me a new perspective on how our food is produced. I share this information with my family and encourage them to watch it also. Thanks for reading. Hope you have a nice day!
