With regard to proceeding number 16-41. I watch RFDTV through Direct TV, Satellite reception. I implore you to protect independent channels as must carry to preserve American culture and diversity of programming. On RFDTV I watch equine programs, although I no longer have horses. I tune in agricultural programs although I am no a farmer. I have enjoyed learning the history of railroading, hometown profiles, cooking, and crafting and many other fascinating subjects not readily available on mainstream channels. Please protect our interests, by mandating must carry on the major distribution companies.
