Reference #16-41

My husband and I watch RFD on Directv. Although there are 150+ channels on Directv, one we watch most is RFD. Many of the channels on Directv are shopping programs, infomercials, reality shows, adult cartoons, to name a few. We enjoy RFD because it is healthy clean entertainment and educational also. We do not fear our grandchildren watching how rural America lives. Please do not let RFD be removed from the television airways. Thank you.
