In the matter of Request for Review by Jefferson School District #251 of Decision of Universal Service Administrator

CC Docket 02-6

I, Jeron Ricks, took over responsibilities for E-Rate filings for Jefferson School District #251 (District) in September of 2015 in order to support the technology department's efforts to maintain the infrastructure and technology of the District. I have worked to provide prompt applications for funding for the 2015 funding year, but failed to realize I needed to submit the USAC 472 Bear form for Funding Year 2014 before the deadline had passed. Losing this reimbursement will place a large strain on our technology department's efforts to cover costs for network upgrades and maintenance. The Funding Commitments that relate to the missed deadline are as follows:

Application #960958

FRN 2611070 – Telecommunications – Funding Commitment: \$2,160

FRN 2611090 – Telecommunications – Funding Commitment: \$25,056

FRN 2611110 – Internet Access – Funding Commitment: \$45,360

FRN 2611123 – Telecommunications – Funding Commitment: \$7,396

In wishing to be as thorough as possible I am refile for a waiver having submitted one to "Inbox-1.3" on February 25th instead of Docket 02-6 and have included additional information to hopefully maintain procedural requirements and streamline the process.

Having missed the filing deadline I request a waiver of the Form 472 deadline in order to submit my requests for reimbursement for the stated Application.

Thank you for your consideration.
