

60001535254.txt

I watch RFD-TV on Cable through Charter. RFD-TV provides informative programs that are appropriated for my family relating to agriculture, consumer food information and safety concerns that are addressed for those working on farms and ranches. Updated weather information and timely commodity market information is very helpful to us in making management decisions for our farm operation. We request that RFD-TV continue to broadcast their programs.

Thank you for your time and consideration regarding this matter.

Bill Arnett
