Hi! I love watching RFD on the Dish Network, I was on the Verizon until they let us go. I really hope the FCC can fix this. It's not fair you pay the high money and they still have that they can take it away from us. I'm 72 and love the weekend show and wish that they can keep it from going away. It makes my day when I go out and come home alone but I hear the shows on RFD-TV and feel great. I know I can't write too good but please keep the RFD for us!

Thanks,

Carol yn
