Dear FCC C/O 16-41

I am a Farmer in Missouri. I live on homestead land and I am very proud of my lifestyle. Simple but great! I am training two grandson's to take over my farm - many of the programs on RFD TV are very helpful. Also American Heritages of farming is explained and glorified.

Patrick Gottish is a wonderful man. He doesn't care about the almighty dollar. He only cares about rural values and moral values. We can leave RFD TV on when we leave the room and not worry about what they will see. I don't have a computer or smart phone, but on Saturday nite I can get all the entertainment that I could ever need. We love the music shows and horse shows.

Please don't think we don't matter. Let us keep our biggest fun. RFD TV HELP-US
