

60001536730.txt

I am a 74 year old widow. television is my main entertainment. RFD is one of the best channels ever. I am tired of the big company (channels/stations cramming things down my throat and the impressionable young people's minds. They have too many vulgar shows, bad language, murders and how to commit them. I have 2 Christian and one (IVSP-with old, clean movies). I love the country music programs on RFD (Old ones) too. The Michigan, Nebraska, California, and all of the horse shows, Polka shows and others about our country. We need RFD. I had to pay extra to get it and also extra for Hall mark. I am tired of paying for the sports programs & someone else watches them.

Why shouldn't the country people have what we want to watch/ Country people matter! RFD is valuable to the farmers of our nation also.

My provider is Armstrong Cable.

Please don't let us lose RFD.

Sincerely,
Mrs. Joan B Carter
