I watch rfd-tv on direct tv in nystate. WHY? intelligent, informative, timely and entertaining programing I cannot find anywhere else. I am SICK TO DEATH of idiot programing such as the kardashi ans, bachelor, marymary and all the home shopping channels. I NEED AND CRAVE the programs provided by rfd-tv- ranging from horse training, agriculture programs, FFA conventions(renewing my faith in the young) gentle giants, tractor fever, many of the music programs and so on. how disappointing to pay so much money for cable other forms of delivery for mainly mind numbing stupidity, creating even more ignorant citizenry. rfd-tv provides opportunity for mental growth, education and oportunites, weather appropriate for my activities, to enjoy rural American living. as a result of rfd-tv I will be traveling to Bishop Calif to enjoy Bishop Mule days for the first time because of being exposed to this great event by watching rfd-tv. PLEASE DO NOT ALLOW THIS GREAT CHANNEL FROM BEING REMOVED FROM OTHER PAY ACCESS PROVIDERS such as cable , satellite and any other form it is shown on. AMERICANS NEED AND DESERVE THE INFORMATION PROVIDED BY RFD-TV. help protect Americans and the right to have INTELLEGENT, NEEDED PROGRAMING that is not available anywhere else. thank you
