We watch R. F. D. T. V. on Direct T. V.

F. C. C. , a message from The VanBergen Family.

Please help families like ours fight against big urban media companies, trying to run rural channels off the air, forcing expensive tiers on customers and limiting H.D. by not offering it on Direct T. V.

Here is what happens at our house. As soon as The show we are watching starts dropping The F-Bomb or "Bleeps" out 100's of words a hour, we change to R. F. D. Never in all the years we have choosen R. F. D have we ever heard one "Bleep". So when other T. V says W. T. F. -- we say no!! R. F. D.

There are still lots of people of our demographic who will still be around for 30 or 40 more years. We are not to be forgotten yet, but we need your help. Here is our family motto:

Try in life to always work for The Constructi on Gang and not The Wrecking Crew.

Thank you

Ron & Brenda Van Bergen
