Dear FCC

I have direct tv and always watch RFD-TV. They have so many rural programs that I enjoy. Please save this channel. I am 87 years young. My husband passed away 2 years ago so a lot of my time is watching tv. RFD-TV has so many programs I enjoy. Polkas and everything to with farm and know what farmers go through to feed the country. City folks should know where their food comes from and the hard work that's put into it where their milk comes from not from a gallon jug. Again pleas keep RFD-TV channel on the air. I don't know what I'd do without it and i want to think Patrick Gottah for all the hard work he has put in to save the channel i watched him last night on tv.

Thank You

Carol Bromley
