I've watched the RFD-TV on Channel 247 on the Verizon FIOS network. this was my only favorite channel for entertainment of Country, Bluegrass, and Polka music. I am an 83 yr old gentleman who had pursued Comcast (my previous supplier) for 2 yrs to get the RFD-TV channel. Comcast had never heard of RF-TV so I tried to educate them to no avail.

I then did the switch to Verizon FIOS which supplied this channel. I have been in contract with Verizon for 2 years. Now as of 01/31/16 RFD-TV has been eliminated. It is disheartening to see what has replaced RFD-TV a LAFF channel. Big laugh that is for sure! Verizon gives me a \$5.00 per mo. discount on my phone bill. I want my channel RFD-TV back on Verizon FIOS.

Sincerely,
Charlie Hemler
