I love watching RFDTV and especially Country Family Reunion. You don't see many clean talking shows. And I love country music. Some of those people have passed away. And its good to heard the music i grew up with. And I hope you keep this show on. And not only that they tell how they got started in country music. And some tell how they got to where they are and they sing the songs they have made.
I just love this show

Sincerely,
