I have listened to WLDS radio in Jacksonville, IL 62650 my whole lifetime. I would so appreciate if they could have regular hours. It is very difficult to stay current on local affairs when I work and in January the station is not able to come on the air until 6:45AM. Some months it is 6:15 etc!!!

Please let them come on each day at the same time and go off at the same time.

Thank you for your consideration!!
