I watch RFDTV on Dish Network. I pay good money to have the channels that I want on satellite. RFDTV is a channel that I watch on a regular basis. A lot of the shows that come on, I have watched growing up. Also Lucedale Ms. Is a huge agriculture area. A lot of folks from this area are farmers and they watch this show as well, for the weather reports, agriculture shows and other things such as HEW HAW, rodeos etc. you cannot allow this to happen. Paying for this service should be our right to watch what we wish with no interruption from main stream big corporations. I believe if RFDTV channel is pulled, a lot of "big cable and satellite companies" will lose ALOT of customers. RFDTV isn't just some channel. It's a way of life for a lot of folks. Please keep RFDTV on the air. Thank you your your time.
