I respectfully ask that you do not remove RFD TV from your programming plans!
If it is of interest to you the following information is on record to you concerning
part of my life history.

I am a 93 years young WWII veteran having served as a pilot in the 375th Troop
Carrier Group. 56th squadron. A short part of my service was at Nashville. A
classification center for the south east flying training commercial of the AirForce.
This was in 1943 and thereafter completed my flying training throughout the south.
After that i served 8 months in the S.W. Pacific area from New Guinea to Japan. Came
home in 1946.

Please seriously consider leaving RFDTV on the air.
Sincerely Marvin Barr
