I am writing once more about Big Companies trying to remove RFD-TV from our viewing area. We live in the country and look forward to watching farming information, rodeos, and other programs on RFD-TV. RFD-TV has the best entertainment on the channels all the time. I believe bigger companies would do good by putting BETTER SHOWS on their channels than ruining OLDER PEOPLES SHOWS. Please stop trying to remove RFD-TV!!! We hope we can stop this from happening EVERY YEAR in the future!!
