I watch RFD-TV on Dish TV. I am proud to acknowledge that being a red blooded American, born and raised in a rural community, the RFD TV channel is the only truly American programming on TV today, and my prayer is that it may continue to be aired in my home.

I feel that the devil's work is being supported by those who fear the clean Christian type of programming the RFD TV to our Nation. Therefore, my plea to the FCC folks is that they truly search their souls in the process of considering the FCC Proceeding Number 16-41, and that politics will not win out by those who would put their greed over human decency and fairness to the American public. I have faith in the FCC to make a Christian choice in this matter.

A continuation of RFD TV being allowed to steam into all American homes is representation of our American freedoms and it will show the world the all American matter.

May God bless the FCC, and their consideration of this heartfelt prayer to keep RFD TV on all television stations in the United States of America.

Sincerely,
Milton S. Cleveland
