I am writing in support of RFD. I get you on Direct so many of the shows appeal to both country and city people. Example, the cooking shows, Texas highways, Michigan traveller, trains, native American, polka, horse shows, all the music shows, gospel, country, blue grass.

All these are family oriented, fox senior citizens and children educational not found on PBS stations.

I grew up on a grain & livestock farm. Now living in a small town.

Thank you,
Sheri Ganske
