I watch RFD-TV on Dish Satellite. As a retired rancher, I watch 3 to 4 hours of RFD programming each day. I find the agriculture reports very informative, coverage of the rodeos and horse shows entertaining, musical shows such as Country Family Reunion and Gai ther Gospel Hour very enjoyable. These are a few of our favorites but there are many shows we find valuable watching. We find the programming on RFD-TV refreshing and suitable for family viewing which, in our opinion, is lacking on many TV channels. To us it is imperative that private programming, such as RFD-TV and Ride, continue to meet the needs and entertainment desires of rural residents. Without farmers and ranchers, the country will be in a very difficult position.

Thank you to Patrick Gottsch for providing enjoyable, quality programming and for a job well done.
