

60001542508.txt

I watch RFD TV nearly every day. I watch it for the horse instruction shows, and the farm report shows. I do not watch 80% of the TV channels my cable operator has, but I watch the RFD TV channel

My cable provider is Lonsdale Telephone Company in Lonsdale Minnesota.

My parents live in North Iowa on a farm near Hanlontown Iowa and they watch RFD TV every single day.

Many rural folks prefer shows that have news regarding the agricultural community, and RFD TV is the ONLY one that does every day.

PLEASE do not discriminate against the rural people, the older people or the people who do not care to watch the other shows that are violent and sexually inappropriate. We need a choice.

Thank you.
