**Re: Notice of *Ex Parte* presentation
WC Docket No. 11-42, 09-197 and 10-90**

Dear Ms. Dortch:

On Monday, March 21, 2016, I met with Travis Litman of Commissioner Rosenworcel's office to discuss the attached *ex parte* filing previously submitted to the FCC in the above-referenced dockets. I noted that anchor institutions have a strong interest serving the needs of residential consumers in communities surrounding the school and library buildings, not just within the buildings. I encouraged the adoption of Lifeline rules that give anchor institutions an opportunity to help make the Lifeline program successful in promoting broadband adoption and addressing the "homework gap."

Sincerely,

John Windhausen, Jr.
