I am a 85 year old. My (2nd ) husband -87 whom I am burying on Thurs- were both farmers.

He loved watching country shows on Fri-Sat night. I will continue to watch till I die.

Why don't you guys pick on "stupid" programming & leave RFD-TV alone. It's a program not only for seniors but for our young people- educational. My first husband & I went to Nashville in 1975. My dream . We need RFD-TV.

Thank you.
