We watch RFD on Dish Network.

We are very concerned about Independent Broadcasters like RFD being squeezed off the air. We love RFD, we switched several years ago from Mediacom because they didn't have RFD at that time. Being big Country music fans, we enjoy all the music shows on there - The Marty Stuart Show, Joey and Rory, Country Family Reunion, Larry's Country Diner, Presley's Jubilee, Ray Stevens', Mollie B, Gaithers, Shotgun Red when he was on and many more.

Also, we like the rodeo, Equine, farm & agriculture shows. My husband and a lot of retired farmers enjoy these. These are all wholesome shows, we can't say the same for a lot of shows. We have 200 channels, we watch maybe 20 including local channels.

If we lost RFD, we would cancel Dish and go to Antenna Tv.

Sincerely,

Richard & Rose Feenstra
