I'm a 68 Wednesday. and 2 live in a senior building. There's not much to do except watch TV. There isn't anything worth watching unless you want to watch everyone take their clothes off or jumping in bed together. Other's nothing decent.

I enjoy RFD because they have a lot of good music. The kind I'm used to and enjoy.

I don't know why you all want to take something worth watching off the air. I wish there was more stations like RFD. I don't know why you don;t have more shown like family reunions, Marty Stewart, Larry's Diner, Midwest Country.

You need to keep shows like this on air.

Thank you,
Connie Wright
