Chairman Wheeler,

I'm writing to urge you to restore broadband competition by fixing the broken market for high-capacity broadband lines. The FCC must address anti-competitive behavior in this market to reach its goal of delivering better, faster, cheaper broadband to all Americans. The future of our information economy depends on it.

It is not right to allow the few to dictate to the many how much is a fair price for goods and services,.....

Plz do not allow yourselves to be prostituted for power, control, and greed,.....

Be a true patriot for the We the People of the United States of America,..... for All the People,..... Best regards,..... frank greene
