I watch RFD-TV on DirecTV satellite.

In regards to Proceeding number 16-41.

Independent TV like RFD is some of the best broadcasting out of hundreds of channels available to me. I'm so tired of seeing things like the History Channel, with fun and educational broadcasting, turn in to reality TV. RFD is the only place I can find shows like HeeHaw, one of my childhood favorites.

Please don't allow RFD-TV to disappear and make way for dumb, mind numbing commercial ridden programming!!! This country needs RFD-TV!!!
