Dear Sirs,

This letter is in regards to Independant Broadcaster RFD being squeezed off the air ; reference proceedings 16-41. I watch RFD TV on Cable ; namely Service Electric. I am dismayed at the thought of losing RFD TV as they offer clean, family oriented TV; something hard to find in todays TV programming. With so much murder, violence, and sex on TV, RFD TV is a refreshing alternative to this crap! I urge you to use common sense in this decision and allow RFD TV to continue broadcasting.

Thank You!
