I watch RFD TV on Digital CATV - Billed on behalf of WTC. RFD is by far my favorite TV station to watch. The Country and Gospel music shows, farm news and the rodeo and equestrian programs are TOPS! The programs are family oriented shows that reflect good family values. Where else can you watch a 4 1/2 hour professional rodeo event such as "The American" other than on RFD TV? This is an event that both country and city folks like to watch. I cannot imagine a Cable Network that would not want to offer RFD TV to their viewers whether they are city or rural people. Let's keep programs like RFD TV on the air. It's important to me and my family.
